MEMORANDUM TO EXECUTIVE FOR A & M

SUBJECT: REQUEST FOR TEMPORARY REORIENTATION DUTY FOR
FBI KANAI EMPLOYEES

1. During the coming months it is desired to return to FBI continental stations for retraining and orientation the four engineers of the FBI Kanai Bureau who are responsible, on rotating shifts, for technical equipment and intercept operations. All four have been stationed at Kanai without relief for a period of more than two years, and it is desirable that they receive retraining at this time in new techniques and equipment which have been developed on the mainland during this period.

2. It is proposed that each of the four in rotation be assigned for this purpose to the FBI East Coast or West Coast Bureau a period of approximately six weeks, exclusive of leave and travel time. It is proposed also, since the employees in question have accumulated annual leave approaching the legal maximum, to permit each of them to use annual leave on the mainland in the amount not to exceed the time spent in temporary duty status.

3. The employees in question are the following:

NAME	POSITION	GRADE	LENGTH OF UNINTERRUPTED TERRITORIAL DUTY
	Engineer	P-3	2 years 0 months
	Engineer	P-3	2 years 0 months
	Engineer	P-4	2 years 7 months
	Engineer	P-3	2 years 2 months

4. Approval in principle of this proposal is requested, and early action upon the attached transportation request for [redacted] whose reorientation is desired as the first of the series, in order to minimize the depletion of the Kanai staff by concurrent absence.

This document part of classified integrated file. NAME CHECK required prior to individual classification action.

OO/VS

Brigadier General, USA
Assistant Director for [redacted]
